/*_____

Practical No:-1

Title:- Case study: Before coding of the website, planning is important, students should visit different websites(Min. 5) for the different client projects and note down the evaluation results for these websites, either good website or bad website in following format:

Sr. No.	Website URL	Purpose of Website	Things liked in the website	Things disliked in the website	Overall evaluation of the website

From the evaluation, students should learn and conclude different website design issues, which should be considered while developing a website.

Name:-Pravin Jain   Roll no:-74   Batch:-T4   Subject:-WTL

_____*/

Sr. No.	Website URL	Purpose of Website	Things liked in the website	Things disliked in the website	Overall evaluation of the website
1	www.youtube.com	Online Video Content	Great Ui/Ux	Not optimized properly for 14 inch laptop screen	Good
2	https://www.geeksforgeeks.org/	Website For online articles and contents related to Programming language	Organized content, Easy to use	While reading the article a pop arise of login it makes the user distracted while reading article	Good
3	https://leetcode.com/	Website for online Code practice	Questions available are properly organized with help of	The ui/ux of the website lags some time	Average

			compony tag		
4	http://www.unipune.ac.in/	Site of Savitribai Phule pune university to display content of university	All the information is properly arranged in required tags	The Colour scheme of website in not that great and the space in left,right side are left blank	Average
5	https://groww.in/	Site For investing in stocks, mutual funds etc	Easy to use ,simple account opening process	As there is use of animation When internet speed is not great website fells that it lags	Good
